MEMORIAL EXERCISES TO SEND 12 SATURDAY

Martha Washington Chapter, Order of Eastern Star, Holds Appropriate Services in Masonic Temple Last Night.

Memorial services of a highly appropriate character were held last night in the Masonic Temple by Martha Washington Chapter, Order of the Eastern Star, which were attended by an appreciative audience. Included in the program of exercises was an address delivered by Miss Lucy M. Graves, Past Matron of the Chapter, in which she said:

In the last few weeks two well-beloved members of Martha Washington Chapter have passed over the river to the "great beyond." This memorial meeting has been deemed fitting that we may honor the memories of these departed friends and, in contemplating their virtues may be inspired to follow more closely the leadership of the Master they so faithfully served.

Our Worthy Matron has requested me to speak of our distinguished brother, Past Worthy Grand Patron Henry Knox Field, who, on July 31st, passed into the better country. I did not seek this honor. It is not affection to say that I am unqualified for the task. The subject merits the best efforts of one more conversant with brother Field's daily life than I could possibly be, and of more scholarly attainments. My selection is justified only by my admiration of brother Field and my sincere desire to do him honor.

At the organization of Martha Washington Chapter Order Eastern Star in 1911, the first Eastern Star Chapter in our city—Henry K. Field was selected as the Worthy Patron and filled that position with tact, wisdom, and marked success, for a year and a half. His unusual ability and personality were at once recognized in the Grand Chapter and in 1913 he was unanimously elected Associate Grand Patron and the following year rose to the highest position the State Jurisdiction can bestow upon a brother—that of Worthy Grand Patron of the State of Virginia. Here brother Field's qualities of heart and mind found wider scope and contributed largely to the success of the work of our organization during his term of office.

From his first knowledge of the work of the Order of the Eastern Star brother Field fully appreciated its beauty and strength and pursued it with seriousness and enthusiasm. He has been a tower of strength to both the local and state jurisdictions; a tried and trusted friend of every officer and member; a wise and kind counsellor, an authority on our organic laws and official rulings; a strong and loyal link binding us to the great Masonic brotherhood. But a few short months ago and we of the Eastern Star assembled in this room, surrounded then by all the tokens of life and happiness, to do him the honor which it delighted us to render. In his taking away the Eastern Star suffered a keen loss, one which is widely and grievously felt.

I do not need to speak to this audience of brother Field's fine bearing and attractive personality. These are but the external signs of an inward and spiritual beauty which constituted the real man. Our brother needs no eulogy. His life has been an open book, known and read of all men—a book wherein are shown the actuating motives of a noble life, wherein are recorded manly, virile virtues, mingled with gentleness, tolerance, patience, modesty, a wonderful combination. Manly and fearless, he stood for the right in all questions of civic morals and ethics, and stood in the open. He never sought honor nor preferment, but when selected gave his very best to the task or duty at hand. It is surprising that men believed in him, that high honors were his reward, that love and devotion surrounded his life as a rare perfume, and enshrine his memory in many hearts. Of him it might be said, as was said of another:

"Enduring friendships, warm and strong after the test of daily fellowship and through many years, are an infallible test of worth. And the beautiful testimony of his comrades and friends proves the rare quality of our brother's character." I can not do better, in summing up his characteristics than to quote one of those friends—a man peculiarly close to him, one who loved brother Field and was loved by him. He says:

Orders Received by Alexandria City and County Draft Board to Send Twelve Men to Petersburg.

The Alexandria city and county draft board has received orders from Adjutant General Sale of Richmond to send twelve drafted men to Camp Lee at Petersburg. In accordance with said instructions arrangements are being made to have them go from this city on that day, leaving on the noon train at 12:01.

The names of the twelve are:

Albert Ryland Fones, 500 south Henry street, Alexandria; Detlef Bottger, Arlington, Fred Mallon, Ft. Myer Heights; C. Harold Clark, Huntington, West Virginia; Walter Scott Smith, Del Ray, William Edward Ketland, 412 south Lee street, Alexandria; Clinton L. Herbert, 212 north Fairfax street, Alexandria; W. B. Traylow, Ballston; Charles B. Sullivan, 322 north Columbus street, Alexandria; Eugene Wilburn, 321 south St. Asaph street, Alexandria; Samuel J. Haynes, Cameron Apartments, Alexandria; John H. Gerlach, 307 south Washington street, Alexandria.

Five alternates will also be notified to appear and be ready to go, if necessary to take the place of any man who do not respond to the summons. Their names are: Clarence Fleet, 319 Queen street, Alexandria; Frederick W. Rice, Ballston; Oscar L. Keller, 904 Duke street; Robert L. Tyree, R. F. D. Alexandria; Frank G. Jones, 1316 Princess street, Alexandria.

"For 57 years he lived in Alexandria and died honored and loved by all, with his name unstained." Sisters and brothers, could there be a more fitting testimonial to the moral and spiritual integrity of this follower of our Star, the Star of the East, this brother who has gone to see the King in his beauty and to worship him.

Friends, we do not set this hour apart to mourn for the departed, to mourn because they have gone from the touch of our loving hands and we hear their voices no more. It is fitting rather that at this service we recall the virtues of these tried servants of God and highly resolve to emulate their good works; that we renew our vows to our beautiful order, the exalted principles of which they exemplified; that we here rejoice with our beloved dead; that—"They have left our homes of night faring to the bourne of light. Grieve not for them; rather, say, They are victors on the way; They have won, for they have read the bright secrets of the dead; And they gain the deep unknown, Hearing life's strange undertone. In the race across the days They are victors; theirs the praise, Theirs the glory and the pride—"

At the conclusion of the address the following resolutions were introduced by Mr. C. H. Callahan, which were adopted:

Whereas, to all things, living, death cometh soon or late. In the morning, noon, and evening of life the scythe of time reaps its harvest of human souls, gathering in its ceaseless toil the weak and the strong, the humble and the mighty. Visiting alike in its onward and never ending march the palace of the rich and the hovel of the poor. Sparing not from its deadly stroke the just or the unjust, it makes no distinction in its fatal choice, knows no caste or creed, observes no rule or method. It enters unbidden the happy home at the meridian of our brightest hopes and highest aspirations, tears from our hearts and firesides the dearest objects of our affections, leaving only time as a balm to head the poignant wound of separations. It comes in the deep shadows of low twelve and takes the infant from its mother's bosom, or robs the prattling baby of the friend who loved it best. Such is the impartial and immutable law of Nature to which the animate and inanimate of all creation, from the lowest reptile of the dust must inevitably bow. A celestial and divine rule ordained by the King of Kings to purge the souls of the living by anguish and sorrow and fit them for a celestial abode in the realms of eternal life, and

Whereas, in accordance with our own inclinations and the laws of our beloved order, we have assembled in Memorial service to perpetuate the memories of these members who, in the passing year, under the mysterious dispensation of an all-wise Providence, have been translated from this imperfect temporal sphere to an all-perfect celestial life, be it

Resolved, That in the death of

Alexandria City and Suburbs

Mrs. E. B. Hardin, of Charlottesville, arrived in Alexandria yesterday to spend the winter here with her sons.

Potomac Odd Fellows Lodge of this city, will entertain the soldiers of that order who are stationed at St. Asaph and Fort Washington on Friday night of this week. The grand master of Virginia is expected to be in attendance, also several good speakers. Light refreshments will be served. All Odd Fellows are invited to attend.

A letter which apparently was delayed in its arrival has been received by the Gazette from the members of Squad Thirteen, of the Alexandria Light Infantry at Camp McClellan, Anniston, Alabama, announcing their arrival at that place. The boys speak in the highest terms of the country down there and say that it is beautiful, especially at sunset with the sun shining on the Mountain tops. Although Camp McClellan is located eight miles from the city of Anniston, jitney busses carry passengers to and from the camp at 25 cents each way. They say their regiment is located on the side of a mountain, that the sleeping is fine, that they go to bed at eight o'clock and do not wake up until six in the morning. In closing their letter they add "Oh, this is some country, believe us."

SAYS T. R. BACKED GERMANY

Quotes Him as Favoring Teuton State in Brazil.

Amsterdam, Oct. 3.—In connection with Theodore Roosevelt's recent speech at a luncheon in Chicago, in which he related for the first time the details of secret conferences in 1902 between himself and the German Ambassador in connection with Germany's proposed occupation of Venezuela, the Frankfurter Zeitung publishes what it asserts is the German Foreign Office record of a conversation on the South American situation on February 18, 1903, between President Roosevelt and the late Baron Speck von Sternburg, the German Ambassador.

In this conversation President Roosevelt is quoted as having said he thought the best guarantee for the amelioration of South American conditions would be the establishment of a German state in South Brazil.

At the Richmond Tonight. Many of the scenes in Vivian Martin's latest Paramount picture, "The Sunset Trail," which is to be shown tonight at the Richmond Theatre, were filmed in and around Pasadena, the famous California winter resort of the wealthy. The scenes of a masked ball which is shown were staged in the western home of a wealthy banker who, desiring to provide a novelty for a houseparty, gave the ball, permitting his guests to be the actors.

Worthy Bro. Henry Knox Field, Past Grand Patron, of the Grand Chapter Order of the Eastern Star of Virginia, and Charter Worthy Patron of Martha Washington Chapter No. 42, of Alexandria, Virginia, and Sister Jennie Lee Fuller, member thereof, Martha Washington Chapter has sustained a serious and unusual loss. Reposed, That we extend to their afflicted families our unfeigned sympathy in their sad and irreparable bereavement, holding up to them and to the members of this Chapter the unsullied virtues of our departed Brother and Sister as a holy beacon to guide their faltering steps and stimulate their wavering minds to higher ideals and nobler purposes. Keep alive in your memories the cheering smile of this godly man and woman, whose devotion to duty, fidelity to trust and unswerving loyalty to the noble tenants of our institution, will ever remain a sublime and enduring legacy to Martha Washington Chapter, and to each and every member of it.

Notice Annual Meeting.

The annual meeting of the stockholders of the Alexandria Water Company will be held at the office of the Company on the 5th day of November, 1917, at ten (10) o'clock a. m., for the purpose of the election of directors for the ensuing year and the transaction of such other business as may properly come before said meeting. Among the other matters to be taken up at this meeting will be an appropriation of one thousand (\$1000) dollars for the Alexandria Hospital which was duly recommended by the Board of Directors.

236-5t. GEO. UHLER, Secy.

Among the speakers at the Southgate Club in Washington last night were Rev. Dr. John Lee Allison and J. Wm. May.

Mr. G. Frederick Birrell, of the Hospital Corps, U. S. N., stationed at the Naval Hospital in Philadelphia, is spending a short furlough with his mother, Mrs. J. Frederick Birrell, in the Carlyle.

The Guggenheim electric plant at Tecopilli, Chile, recently received a steam pump from the Emerson Works in this city. Fountain C. Beattie, son of Captain Fountain Beattie, is one of the four operators at this plant. He was at one time operator at the Four-Mile Run power house of the Washington-Virginia Railway, and later on the Subway road in New York city.

The Employment Bureau opened on the second floor in the postoffice building in this city last Thursday in co-operation with the Government Department of Labor, will be kept open daily from three to four o'clock, during which hours applications for positions may be made. The report that civil service examinations are required is not correct, as positions secured there do not come under that department at all. Concerns desiring to secure women or girls may also file their applications for help there the Gazette is informed.

TYPHOON IN JAPAN.

Damage in Tokio Alone Amounts to \$3,000,000.

Tokio, Oct. 3.—The most destructive typhoon and flood in twenty years has destroyed thousands of buildings, rendered 40,000 homeless, paralyzed railroads and shipping, and done \$3,000,000 damage in the city of Tokio alone. At least eighty are dead.

The storm broke Monday. It struck first in the vicinity of Tokio bay and the eastern Pacific. The whole shore line was inundated.

A small tidal wave accompanied the wind and rain. At Yokohama harbor four cargo boats were swept under by this wave of water.

Estimate of the damage or of the loss of life will be impossible for several days. The official estimate is at least eighty dead in Tokio alone. Newspapers predict this figure will be doubled.

The telegraph system is utterly demoralized, and reports of loss of life or damage in other parts of the empire are lacking. The Bunkai river is still rising, and it was predicted today that 20,000 additional homes will be flooded in the Tokio district.

The hurricane stripped roofs of buildings, whipped ships from their moorings, and beat the downpour of rain into a veritable flood of water in the streets. The imperial palace buildings suffered considerably. So did many other beautiful structures in the city. Train service is practically at a standstill. The stock exchange was closed today.

A Card.

Having left the employment of the Western-Union Telegraph Company, and given up position as manager at Alexandria, Va., which position I held for the past six years, I wish to extend my sincere thanks to the public through the Alexandria Gazette and to those I have been unable to see and personally thank for their patronage and courtesies extended me in making my management a success.

Very sincerely,
W. T. O'NEAL,

Used Cars For Sale.

One Overland 5-passenger touring; one Overland delivery wagon; one Cadillac 5-passenger touring. These cars have just been overhauled and are in fine condition. All are electrically equipped. Mount Vernon Automobile Co. 237-3t.

Notice.

The firm of E. Henderson Carter & Geo. Carter have this day opened business at 1023 King street, the grocery, vegetable and fresh meat business formerly run by Carter Brothers. We respectfully solicit the patronage of our friends and the public, as it will be our aim and endeavor to merit every confidence reposed in us.

234-6t. Respectfully, E. H. Carter and Brother.

The regular monthly meeting of the Columbia Steam Fire engine Company will be held tonight at 7:30.

The many friends of Mr. Frank Peverill will be glad to hear that he is improving after an illness of several weeks from typhoid fever at his home in Queen street.

A colored boy and girl were before the Police Court this morning to answer the charge of stealing bags from the Bryant Fertilizer plant. They were turned over to their parents for correction. This was the only case upon the docket.

The Girls Club which was opened at the corner of Alfred and Prince streets on Monday is being fitted up as rapidly as possible for their comfort and it is hoped to have several sleeping rooms in readiness for use within the next week for girls employed in the city having no other homes. Meals will also be served there.

An accident occurred on the Southern Railway this morning at half-past four o'clock near Shipman, Va., caused by a rear end collision, one extra train, running light, colliding with another extra. Conductor E. H. Pugh sustained a broken arm and brakeman Alvin C. Gillum was considerably burned about the arms. Both men reside in this city and were brought to the Alexandria Hospital for treatment.

Bulgaria and Peace.

London, Oct. 3.—Bulgaria desires peace only in unity with her allies and not a separate peace at once says a semi-official dispatch from Sofia, via Amsterdam. The dispatch follows:

"Regarding an unconfirmed Washington dispatch, saying the Bulgarian minister has declared that Bulgaria desires peace, as the termination of the war is an imperative necessity to the central powers, the minister at Washington has been instructed to declare that Bulgaria does not in fact desire peace, but only in unity with her allies, as indicated in the reply to the Pope."

England Tightens Embargo.

London, Oct. 3.—England is tightening the embargo around the neutral countries of Sweden, Norway, Denmark and the Netherlands, following reports that these countries were exporting into Germany various articles, including foodstuffs, needed in the prosecution of the war.

The proclamation just issued, is the most sweeping as regards neutrals that has been issued since the beginning of the war. Among other things, it prohibits the exportation to the four neutrals of all articles except printed matter and personal effects accompanied by their owners.

To Get Thanksgiving Meal.

Paris, Oct. 3.—Every United States soldier in France is going to have a regular "home feed" on Thanksgiving Day, according to plans perfected through American headquarters.

Arrangements have been completed for importation of the turkeys and cranberries. Pumpkins for pumpkin pies presented a tough problem for a while, but it was solved through decision to use canned "filling" for the pies.

The American soldiers will get all the "trimmings" of a home dinner.

200 Turks Killed.

London, Oct. 3.—Not only was the Turkish division commander and a portion of his forces taken in General Maude's recent victory in Mesopotamia, but 200 were killed and thirteen guns and twelve machine guns taken, according to an official statement today.

Mt. Vernon Council No. 1, Daughters of America, will give a patriotic dance in the Odd Fellows Hall on north Columbus street, Thursday, October 4, 1917. Tickets 25 cents. All are invited to come and take part with us. 236-3t.

FIFTY-EIGHTH BRIGADE AFTER LAW BREAKERS

Virginia Units at Camp McClellan Formed Into The Hundred and Sixteenth Regiment.

Camp McClellan, Ala., Oct. 3.—Gen. Charles D. Gaither completed his brigade, the Fifty-eighth, with the organization of the One Hundred and Sixteenth Regiment yesterday. This is a Virginia regiment, made up principally from the Old First and Second Virginia regiments, with a few hundred men from the Fourth Virginia.

The Fifty-eighth, with its two regiments and its machine gun battalion, is the first infantry brigade in camp to complete its organization.

Col. Robert F. Leedy, of Luray, Va., commander of the old Second Virginia, will command the new regiment, and his lieutenant-colonel is Samuel R. Miller, of Front Royal.

The three majors are George O. Leach, of the Second Virginia, and Stanley W. Martin, and John E. Bright, of the First Virginia. The captains are William A. Stack, A. D. Burnham, G. M. Alexander, S. G. Waller, L. C. Figgatt, W. B. Davis, R. Y. Conrad, Guyman M. Harrison, J. W. Wright, Samuel R. Miller, jr., son of the Lieutenant Colonel; C. R. Kindewater, J. E. Ast, Roland Thorpe, Howard M. Raines, H. L. Opie and James M. Mithell.

Air Scout Lost in France.

Paris, Oct. 3.—While on a reconnoitering expedition Monday, Andrew Courtney Campbell, jr., of Kenilworth, Ill., a corporal in the Lafayette escadrille, disappeared and so far his fate is in doubt. On the same date Sergt. Henry Sweet Jones, of the same escadrille, brought down his first German machine.

Corporal Campbell had been a member of the flying corps more than a year and was considered one of its more daring members. He recently brought down two German machines and has won the French war cross.

London, Oct. 3.—Official confirmation of the death recently, of the famous German aviator Vosse has been received. His body and his shattered plane were found near the British front. Vosse was credited with having brought down fifty allied machines.

Committee Takes up Pleas.

What action the Senate Privileges and Elections Committee intends to take on the charge against La Follette and other Senators will probably develop today.

The committee was called together this morning, having before it the mass of communications which have recently been filed attacking La Follette, Gronna and Stone.

Members of the committee before the meeting did not look for an expulsion proposition to be taken up at this time. They thought it more likely, in view of the near approach of the end of the session, that the matter would hold over until next session.

Two Russians Held.

Chester, Pa., (Oct. 3.)—With the arrest of two Russian Socialists in Media, during the progress of a trial of fellow Socialist, a solution of the mysterious Edgemoor ammunition corporation explosion on April 10, which cost 133 lives, may follow. Mitchell Lagoda, formerly of this city, and Nicholas Klekner, of Philadelphia, former shell inspectors at the plant, were arrested upon a charge of murder.

Notice.

The Directors of the German Co-operative Building Association No. 5 have declared a dividend of \$7.50 per share in the sixth series for the last nine months ending September 30, 1917. This will mature and close that series according to article 3, section 2 of its Constitution. Each share paid up to September 30, 1917 is worth \$200 and redeemable on and after November 1st, 1917. A new series (twelfth) will commence January 1st, 1918, with a limited number of shares. Subscription book for shares is now open at their office. 237-4t J. SCHNEIDER, Secy.

Department of Justice Inaugurates Intensive Campaign in the State of Virginia.

For the purpose of causing a rigid enforcement of the new federal "dry" act in this state, the department of justice, it is learned, has begun an intensive campaign reaching from the national capital to Richmond against the violators of the new act. To back up the move the government has placed a special squad of secret service men on the "liquor routes" leading from wet to dry territory. Agents belonging to this squad were in Richmond yesterday following three successful raids which they made on trains entering Richmond from Washington Monday night and yesterday morning.

One negro train porter, William Brown, and a large quantity of liquor of various grades and amounts comprised the haul. The porter, who is alleged to have had in his possession a traveling bag containing a large number of pint bottles, was arraigned before United States Commissioner Flegenheimer yesterday and released in the sum of \$500 bond for his subsequent hearing. A train arriving at Richmond shortly after midnight was raided by the secret service men, it was said, and much liquor, all which was disclaimed by the passengers, was taken.

Another train arriving after ten o'clock Monday night was given an overhauling by the secret service agents and the quota of whisky seized by the officers was materially enlarged thereby. A third train was given similar treatment when it arrived in Richmond at 9:30 o'clock yesterday morning, and a large quantity of the forbidden fluid was seized by the federal officers. Stations and trains are being carefully watched by the secret service men and it is expected that shipments of liquor into Virginia will be materially reduced as a result of the intensified activities of the government.

DEATH OF FORMER SENATOR

Major Bushrod W. Lynn Dies Suddenly in Los Angeles, California.

Major Bushrod W. Lynn, formerly a member of the Virginia senate and for six years superintendent of the state penitentiary, died suddenly Monday night in Los Angeles, Cal. Major Lynn had been traveling for a number of years for the benefit of his health and had spent much of his time in California. He was seventy-five years old. Major Lynn was a member of the state senate in 1905, representing the Eleventh district, composed of Loudoun and Fauquier counties, and was a prominent figure in legislative circles for a number of years. He is survived by his second wife, two daughters, Mrs. Leonard T. Marston, Mrs. Preston Boulevard of Richmond, and four sons, Dr. James F. Lynn, of Minnesota; Dr. William R. Lynn, of Iowa; Rodney Lynn, of Washington, D. C.; and Russell Lynn, of Alexandria, Va.

Metormen go to War.

Johnstown, Pa., Oct. 3.—Women will be used to take the places of the metormen and conductors of the Johnstown Traction Company. Practically all of the active men have enlisted into the service, have been drafted, or they are employed in the mines and in the mills making war supplies, receiving large wages. The street car company has been forced to advertise for women to supplant the men, but difficulty is being encountered securing the female help.

Notice to Water Consumers.

The mains of the Alexandria Water Company will be flushed Wednesday and Thursday, October 3d and 4th, beginning at 7 a. m. Consumers will please supply themselves with clear water. 235-3t GEO. UHLER, Secy.

ATTENTION, HOME GUARDS.

The members of Companies, A. B. and C. of the Alexandria Home Guards, are requested to meet at the Alexandria Light Infantry Armory, at 8 o'clock sharp on Wednesday evening next, October 3, 1917. Business of great importance is to be transacted at this meeting, and a full attendance of all members is desired.

WANTS SUPPORT OF PEOPLE.

Dispatches from Rome say Pope Benedict apparently is seeking support of his peace plans from the people of belligerent nations, since his appeal to the rulers has so far been ineffective. Direct approval by the pontiff of certain socialistic aims is attributed to him in two separate statements. The greatest significance was attached to an editorial in the Osservatore Romano, a newspaper frequently regarded as the vatican's official organ, and which, it was believed, was approved by the Pope. The editorial declared the holy see "was in agreement with the socialists of Italy and elsewhere insofar as they were seeking to safeguard democratic liberty and protect constitutional rights by legal means."

Those who professed to see the pope taking the radical step of sympathizing with socialistic ideals read the Osservatore Romano's comment in connection with a bitter editorial attack in the newspaper Corriere d'Italia on German Foreign Secretary Kuehlmann. Through these two editorials, they held, the vatican had contrived a diplomatic hint to Germany as well as a bit of counsel to the German people and especially the German Catholics. Another direct intimation of the vatican's position on development of the people's rule was in the pope's words of greeting to a new Russian diplomat accredited to the holy see. The latter, it is said, flatly denied that the Pope favored a reactionary Russia. He said the pontiff expressed personal sympathy with Russia's democracy regarding the revolutionary movement as a political and social evolution. "I found the pontifical mind agreed," this diplomat asserted, "that peace is the exclusive prerogative of parliaments responsible to the people, or the people themselves."

The above is very significant, and strengthens the belief often expressed to the effect that if the rulers among the belligerents fail to bring about peace, the people are likely to make a decided movement in that direction sooner or later. The Kaiser has long since realized this; hence his periodical peace kites.

REAPING AS THEY SOWED.

L'Estrange in one of his fables tells of the stress and exasperation of a bear which had been robbed of its whelps. A sow tells the bear it must remember how many little ones of others have entered its capacious maw.

The moral of this fable is coming home to Germany today. Count Zepelin, who had assured the German war lords that England would be brought to her knees by aerial raids, is now in the other world, followed by the shades of little children who were murdered on their way to Sunday school, while allied aeroplanes are dropping tons of explosives upon the oldest and most densely populated cities of Germany.

Four ancient cities of the Fatherland, including Frankfort-on-the-Main, have suffered during the past few days from bombs dropped by air machines of the allies.

Cathedrals in the northern part of France and in Belgium have been utterly ruined by German guns during the present war. Art treasures were treated by the invaders with as much contempt as that shown by iconoclasts of old.

But there are priceless treasures of art in German cathedrals and public buildings. These are liable to be destroyed or badly damaged during this aerial warfare, inaugurated by Germany, but which is now being used against her.

Dispatches from Copenhagen tell of a monster peace meeting held last Sunday in Frankfort-on-the-Main, one of the four German cities bombarded. Between forty and fifty thousand persons gathered at six different platforms and listened to speakers who urged peace without annexations.

Although the British capital has been attacked by German airmen on

divers occasions during the war and many persons have been killed, Londoners have not inaugurated any peace move, nor have there been any such gatherings as that in Frankfort-on-the-Main last Sunday when the war of frightfulness was brought home to the inhabitants.

FIDDLING WHILE ROME BURNS

The Kaiser continues to bestow iron crosses—several millions of which are possessed by Germans who have aided in one way or another in facilitating the war of frightfulness which has been in progress over three years and which has brought so much distress in the world. The celebration of the birthday of Hindenburg, who has shown his inferiority as a strategist when compared to Haig and other chieftains of the allies, was an event in Germany this week.

The emperor and all the imperial family sent greetings to the field marshal, expressing the hope that an early end of the war would crown his work. Various cities bestowed their freedom on him, and special celebrations were held by the schools, coupled with collections for the war loan. The recipient of these demonstrations spent his seventieth birthday at headquarters slightly indisposed.

As a Washington paper observes, with monotonous regularity, a quick successful drive by British or French troops on the western front is followed by five or six counter attacks by the Germans, in dense masses, without recovering the lost ground. The German armies suffer ruinous loss of life in comparison with the opposing armies. In these facts are found the doom of the German empire under the Hohenzollerns. Face to face, man to man, cannon to cannon, airplane to airplane, brain to brain, the allied armies are masters of the Germans.

The thorn in the Kaiser's flesh today is the realization that the German army is fighting with its back to the wall and that the enemies of the Fatherland are showing superiority upon the battlefields.

The present generation of Germans are gradually opening their eyes to the fact that Teutons are not invincible, and that others in this world will fight.

GERMAN MORALE ISOLATION.

Viscount Milner, addressing the American Luncheon Club in London last Friday, quoted Admiral von Tirpitz as declaring at the launching of a new party in Germany a few days ago: "It must be stated that it is not wrong but right that has been done to Belgium." Viscount Milner continued: "This is our reply thereto:

"It must be stated once and for all that until doctrines of that kind are abandoned there can be no peace for Germany, no intercourse with the rest of the civilized world, or chance of regaining the place she has lost."

Lord Milner, after calling attention to the fact that virtually three quarters of the inhabited world was now alienated from Germany, and that "scarcely a week passes without adding to her enemies," said:

"Germany's profound moral isolation is beginning to tell on her people. For your faith as much as you like to blood and iron, there are material as well as moral disadvantages for those who have fallen outside the pale of the civilized community and have forfeited the respect of civilized peoples. For a nation which has taken so large a part in human intercourse and held so high a place in human advancement this is no light matter."

"There are signs that this aspect is beginning to weigh on the minds and depress the spirits of the German people. That is why a new party has been called into being in Germany to revive the waning spirit and preach anew the doctrine that might is right."

INVEST IN OWN COUNTRY.

The best investment you can make is an investment in your own country. Put your capital where it will work for you and your country and for all mankind while you sleep. Be the creditor of your country; it has claims upon you and you might as well establish a claim upon it. Walk around town with the proud sense that the United States of America is indebted to you.

As the Philadelphia Record says, money will save American soldiers. Germany is not going to fight to the point of extermination. When the German people are convinced that they can't win they will find means of compelling the Kaiser to surrender. When the Germans see us raising money by the billions in a few days—billions of gold dollars, and not billions of paper marks—their confidence in the ability of their Kaiser to save them is seriously impaired. And when the billions of dollars are spent in equipping troops and trans-

porting tens of thousands of them to France, the Germans will see that there is nothing for them but to surrender. The more money you offer the Government, and the more promptly you do it, the more you impress the German people with the conviction that they have got to give up, and they might as well do it now.

RUSSIANS ADVANCING.

German Drives Fail After Fearful Sacrifices of Men.

London, Oct. 3.—The Russians won first place in the war news yesterday. Their advance guards on the front north of Riga pushed forward a mile, the Petrograd war office reports. The advance is of a local nature, but indicates the regeneration of Muscovites striking power.

In the continuous battle of Flanders, the Germans are for the time being on the aggressive, delivering unceasing counter thrusts in an effort to regain the ground lost to the British. Five of these vicious blows were struck between the Menin road and Polygon wood during the night. One of the storming waves swept two small posts clear of the British and held them, but that was all. Everywhere else the British fire stifled the onslaughts, taking a frightful toll of life among the ranks of the assailants.

The British forces, who, Sunday took Ramadie, in Mesopotamia, northwest of Bagdad, captured nearly 4,000 prisoners, including 800 officers. The Turkish losses were heavy.

The capture of Ramadie, on the Euphrates, west of Bagdad, was effected by a surprise attack of the British. They outflanked and cut off the Turks, defeating them in a heavy engagement and taking prisoners nearly the entire garrison of Ramadie.

Rome, Oct. 3.—The Italian forces are pressing their newly won advantages on the Bainsizza plateau and are succeeding in consolidating the positions taken from the Austrians in spite of desperate enemy attacks. These positions include high ground which is expected to prove of great value to the success operations of Gen. Cadorna in his expected drive in the valley, where already the enemy is at work trying to construct a trench system which will hold throughout the winter.

On the Aisne, Champagne and Verdun fronts the French held their own everywhere against Teuton local attacks, Paris reports.

UNIVERSITY OF VIRGINIA

Over Seven Hundred Students Enrolled—Formal Opening to be Held Friday of This Week.

Charlottesville, Oct. 3.—The University of Virginia will be formally opened on Friday of this week, October 5, when Convocation will be held in Cabell Hall. President Edwin A. Alderman will make the address of the occasion dealing with the subject of a student's duty during war time. The academic procession will form at the Rotunda and proceed down the Lawn to the Hall.

The total enrollment is now 706. Of this number 450 are drilling in the Reserve Training Corps under command of Lieutenant Colonel James A. Cole. The corps is composed of two battalions of four companies each, officered by students. Lambeth Field has been turned over for military training during the larger portion of every afternoon.

In violation of Virginia's traditional conservatism classes are starting daily at 8:30. Dinner has been moved up to 1:30. All of the talk of aristocratic ease of the student life at the University, the mid-day rising, and early morning going-to-bed are institutions of the past. These reforms have been wrought that the afternoons may be given over to Military Training, intra-mural athletics, and physical training.

ILLEGAL EXEMPTION

Drafted Men Sign Protest Against Freeing of Two Wealthy Youths.

Roanoke, Va., Oct. 3.—The district exemption board for Western Virginia is facing a protest against one of its recent acts which, so far as is known, is without a parallel in the country. This is the form of a letter signed by 23 of the 26 men called from Montgomery county in the last contingent protesting against the action of the board in exempting two young men of that county on agricultural claims.

The two young men in question are sons of wealthy parents, it is claimed, who were examined by the local draft certified for service in the national army. After their numbers had been drawn, it is claimed they went to work on farms owned by their parents, and papers covering their claims for exemption on agricultural grounds were prepared by a firm of attorneys at Christiansburg, accom-

panied by proper affidavits and on the case presented they were exempted by the district board.

It is reported that an agent of the Federal Department is investigating the protest made by the young men.

GIVES SIX SONS TO COUNTRY.

Chicago Mother Has Encouraged Them to go.

Chicago, Oct. 3.—The nation's call to arms has gradually decreased the size of the family circle at the home of Richard A. McGauran until yesterday the father, mother and four small sons are the only ones left out of a family of 12. Six of the McGauran boys are in some branch of National service and the four at home declare their age alone keeps them out of the army and navy.

Mrs. McGauran said she has sent every one of her sons away without shedding a tear.

"I've encouraged them to go," she said. "I feel that it's their duty and I've told them all goodbye with a smile."

"Think of the reunion some day when they all return," said Mr. McGauran.

19,000 MORE TO CAMP LEE

Third Contingent of Drafted Men Due Today.

Petersburg, Va., Oct. 3.—The third contingent of drafted men from Virginia, West Virginia and Pennsylvania begin to arrive at Camp Lee today. The movement probably will take three or four days. It is said that a large part of this contingent will be negroes, who will be assigned to headquarters separate from the white soldiers.

The number of recruits expected to reach the cantonment this week is in the neighborhood of 19,000. There are now in camp about 21,200 men.

Company G, Three Hundred and Eighteenth Regiment of Infantry, received their rifles today and now will begin to receive instruction in the manual arms.

For some time past army engineers have been engaged surveying large tracts of land in Prince George's county on the river road, near Camp Lee, but for what purpose they decline to say. These tracts are within a short distance of the Appomattox river and cover, it is said, about 9,000 acres.

STAND BY KERENSKY

Democratic Gathering Ballots 766 to 688 in Favor of Uprohling Premier.

Petrograd, Oct. 3.—Premier Kerensky was victorious in the all Russian democratic congress yesterday when that body voted 766 to 688 in favor of a coalition government for Russia.

The decision in favor of a coalition government eliminates for the time being all danger of civil strife between the revolutionary factions and will make possible the establishment of a new government in which Socialists and the Democratic-Bourgeois parties will participate. The Bolsheviks, however, will not be given representation.

There is no doubt that the Bolsheviks will continue to prey upon the minds of the coalitionists. Although silence for the time being, the Bolsheviks are expected to raise their heads at the first opportunity. Some

ITALIAN SUCCESS

Germany Alarmed by Drive Over Bainsizza Plateau.

Alarmed by the success of the Italian drive over the Bainsizza plateau, Germany is withdrawing large numbers of Austrian troops from France and from Galicia and Bukovina and rushing them to the Italian front to meet the renewed offensive of General Cadorna. Official dispatches received here from Rome today say the second phase of the great battle is about to open.

Great as was the Italian victory in the Plateau, the battle there is by no means finished, according to dispatches. Only the first phase of the campaign is past and the Italian troops are now preparing for a resumption of the action on a greater scale. The Austrians, aware of the Italian purpose, are making ready a strong defensive.

From Austrian sources the Italians have learned that the recent visit to the battlefields of Emperor Charles was planned to encourage the Austrian defensive by his personal appearance.

STATE RESTS IN TRIAL.

Prosecution Believes Strong Case Has Been Made Against Canter.

Bristol, Va., Oct. 3.—The state in the trial of James Canter for the murder of Mrs. Maude Wilson concluded its case at Abingdon last night. The defense will open its case tomorrow.

Two handkerchiefs were identified as having been in the possession of James Canter prior to the murder. One of these, it was said, was found in Canter's pocket, while the other formed a part of the bandage that sealed the murdered woman's mouth. Several witnesses testified that James Canter was seen near the Wilson home on the day of the murder, having arrived from Bristol aboard a freight train. The trial will hardly conclude before Thursday.

Japan Offers Tonnage.

Tokio, Oct. 3.—Japan has offered the United States the use of cargo vessels totaling 100,000 tons in return for a modification of the American embargo on steel, the newspaper Nichi Nichi declared today.

GERMAN TOWNS BOMBED.

Attacks Made as Reprisal for Killing of Civilians.

Paris, Oct. 3.—The German cities of Frankfurt on the Main, Stuttgart, Treves and Coblenz were bombed Monday night by French aviators in retaliation for German aerial attacks on French cities. The following official announcement was given out: "The Germans last night made a new attack on the town of Dunkirk. The bombardment was very violent, causing serious material damage. It is reported there were numerous victims among the civilian population."

"In reprisal for the bombardments carried out by the Germans against Bar le Duc and Dunkirk, our aviators last night threw down bombs on the towns of Frankfurt on the Main, Coblenz, Treves and Stuttgart."

"Our bombing airplanes made numerous expeditions, in the course of which 2,120 kilograms (4,664 pounds) of explosives were thrown on military buildings in Roulers and 6,000 kilograms (13,200 pounds) on the railway stations at Metz sur Woippy and Thionville, the airfield at Chambley, encampments at Spincourt and Tilly and munitions depots at the Longbeau farm, where a violent explosion was observed."

"Two German airplanes were brought down yesterday by our pilots and four others were compelled to land in a disabled condition." Treves, Coblenz and Frankfurt all lie in the same general direction from France and are approximately 65, 120 and 160 miles distance from where the French fighting line is now located. Treves is in Rhenish Prussia, Coblenz is 57 miles farther inland, in Prussia, and Frankfurt lies still beyond, in Prussia. All three are very old cities, rich in architectural and historical interest.

Stuttgart, is in Wurttemberg, farther to the south, and is about 132 miles from the French front.

CUT DOWN STATE DEBT

Sinking Fund Commissioners Retire Bonds Faster Than Required.

In the fiscal year ended September 30 the state of Virginia reduced her public debt more than three times the sum agreed for each year under the terms of the settlement of the debt. Such was the statement made yesterday by Rosewell Page, second auditor and chairman of the sinking fund commissioners. By the term of the settlement the state was required to reduce the principal of the debt by \$120,000 a year, but such has been the management of the state's affairs that the debt has been reduced considerably more than that amount each year. At the close of business for the last fiscal year the outstanding debt was \$23,428,743.95.

Extra and special dividends from the state's interest in the Richmond, Fredericksburg and Potomac, applied to the reduction of the state debt, accounted for more than \$43,000 of the amount of the state debt cancelled the last year, the state at this time holding securities of the road aggregating \$887,350, which pay 9 per cent annually. This special dividend was received in cash.

Mr. Page also stated that the teachers' pension fund had been increased in the year by \$4,000, making the total permanent invested funds of that fund \$75,800. This fund is maintained by the teachers of the public schools, who contribute one per cent of their salaries for the support of the sick, old or infirm teachers who have spent their life in the work of education.

BOMB GERMAN CITIES

French Aviators Attack Frankfurt On the Main

London, Oct. 3.—Four big German cities, one of them Frankfurt-on-the-Maine, more than 125 miles from the French border, were bombed by French aviators Monday night in the greatest reprisal raid of the war. It was in Frankfurt that on Sunday night a throng of 50,000 men, women and children, clamored for peace at a monster mass meeting addressed from six different platforms at the same time.

The other cities visited by the French flyers were Traves, Coblenz, and Stuttgart. The latter town was Sunday night.

Added evidence supporting the now general belief that, for the moment, at least, France is leading among the allies in point of aircraft construction and aerial activity, is seen in the continued French bombarding exploits in Flanders, behind the German front at which the British have been hammering away for weeks.

CITIZEN OF U. S.

Submarine Commanders Tells Survivors of Vessel he Was Naturalized in Boston.

London, Oct. 3.—The commander of a German submarine that has successfully attacked at least one vessel claims American nationality, having been naturalized in Boston before the war.

Sponsors for this statement are members of a British expeditionary force whose boat was torpedoed a few weeks ago in the Bay of Biscay, and who were saved mainly through the courtesy of this alleged German-American.

Their story is in marked contrast to that told by survivors of the Belgian prince. Though in uniform, they were helped into boats by the submarine's crew. When the captain learned some were Americans and Canadians he showed great interest. He invited several of his victims aboard the submarine and showed them about the vessel.

CAUGHT IN JUG HANDLE

Carelessness in Eating Eggs Imprisons Black Reptile.

Albright, W. Va., Oct. 3.—Samuel Raymond Rodeheaver caught a huge blacksnake in his chicken coop in a most peculiar way. In building two nests for his hens he used two jugs to separate them. While there was an egg in each nest the snake came along, and, after swallowing the egg in one nest, crawled through the handle of one of the jugs and then gobbled up the egg in the other nest. When Rodeheaver went to gather eggs he found the snake a prisoner, hanging down from the jug handle, unable to move backward or forward.

Ever since the war started children living near her home, have been taunting her calling her "Mrs. Kaiser," "child murderer," "traitor" and other names of a pro-German.

flavor. She told one of her neighbors that she could stand the torment no longer and that she was going to kill herself. She went to the park, and was about to throw herself into the river when a guard seized her. She struggled violently against her rescuer, but she was finally subdued, and taken to the Lankenau Hospital, formerly called the German Hospital. Mrs. Schmulling, who is 40 years old, told the physicians she would kill herself as soon as she left the hospital.

WILL STAND BY RUSSIA.

German Overtures Rejected, Asserts French Ambassador.

Petrograd, Oct. 3.—The British, French and Italian governments, through their representatives here, have denied categorically the intention attributed to the entente allied powers of taking advantage of the difficult situation in Russia in order to insure their own interests. The British ambassador has stated officially that Great Britain would never agree to such a policy.

The French ambassador recently informed the government that a personage occupying an important diplomatic post in Germany had made overtures to some French politicians with a view to the discussion of questions of interest to France, but that this German attempt was indignantly rejected.

The Italian ambassador has informed the government that Italy will continue her co-operation with Russia in the common cause and that she has rejected all thoughts of peace negotiations which have neglected Russia's interests.

The government has appointed a special committee, including the ministers of war and justice, to arrange details for the election of delegates to the constituent assembly which is to determine the future form of government of the country. The preliminary expenses are estimated at 6,000,000 rubles.

Finance Minister Bernatsky announces that government monopolies in sugar, matches, tobacco and salt were projected to increase the public revenue.

WIND DAMAGES APPLE CROP.

Virginia Orchardists Suffer Heavy Losses.

Winchester, Va., Oct. 3.—High winds Monday night, which reached almost the proportions of a hurricane, played havoc with the Frederick county apple orchards, and as a result there has been a loss of many thousands of dollars to the growers, and in some instances to the buyers. Enormous quantities of fruit were blown off the trees just at a time when the apples were being picked, thus reducing the quality of the fruit from No. 1 grade to "windfalls," or a reduction of from \$6 a barrel to about \$2 a barrel. Some of the apples are being rushed to cold storage in the hope of preventing rapid decay, but practically every apple blown off is damaged.

In many of the largest orchards in the county the ground was littered with fruit. Coming as it did in a year when the crop was short anyway the loss will fall particularly heavy. There are about 350 orchards in Frederick county, producing anywhere from 100 to 10,000 barrels, and few of them escaped.

WIFE TARDY, ENDS LIFE.

Letter Arrives After Husband's Suicide, Explaining Delay.

Williamsport, Pa., Oct. 2.—Disappointed because his wife and children did not reach the city when he expected them, George W. Plunkett, of Troy, Pa., who came here several months ago to work, committed suicide by inhaling gas.

After his body was found, a letter arrived from his wife, telling of her inability to reach the city at the time appointed.

NOW IT'S "SALVATION ARMY"

French Innocently Apply Name To American Force.

Paris, Oct. 3.—The American army in France is coming to be known in the Faubourg St. Antoine as l'Armée de Salut, which is translated as the "Salvation Army." This is not suggested by the other army of that name, but because so many French-

men believe the Americans have come to assure the salvation of France.

One observes in the Faubourg St. Antoine, better than anywhere else in Paris, the fine spirit of the common people toward Uncle Sam's troops. They are welcome everywhere. There is always a place for them on the benches of public square beside the housewives of the neighborhood who have come out, with their sewing, to get the air. Everyone tries to help them along with their French, and the children are proud as peacocks when they have a chance to push a chubby fist into their big brown hands.

In the evening the quarter is turned into a sort of open-air school. By the light of pocket lamps the young folks give the Americans aid in mastering French idioms. The instructions are not classic, but a mutual understanding comes out of it somehow, and both the American soldiers and their French teachers get a lot of fun out of the way they mispronounce each other's language.

The Americans have reason to appreciate the hints they get as to how to spend their money without being fleeced, a precaution that is becoming superfluous. Merchants are aware now that the quarter regards it as high treason to exploit the soldiers of what they call l'Armée de Salut.

WOULD OUST LA FOLLETTE

Senate Committee to Consider Communications Today.

Still more petitions demanding the expulsion of Senator La Follette, of Wisconsin, from the Senate were presented yesterday. Like the others that have been sent in, they were referred to the Committee on Privileges and Elections. The committee will meet today to consider the communications concerning not only La Follette, but those asking that Senator Stone, of Missouri and Gronna, of North Dakota, be expelled for disloyalty.

The Senators in question still maintain silence.

The petitions yesterday referring to the Senator came principally from Minnesota. Senator Kellogg, of that State; Senator Sterling, of North Dakota, and Senator Overman, of North Carolina, sent various communications to the desk. Generally they accused La Follette of "promoting disloyalty and sedition," embarrassing the government and "giving aid and comfort to the enemy."

One man desires Senator La Follette not only expelled from the Senate but interned. This writer is C. E. Wallace, who occupies the chair of history and political science in the State Normal School at Duluth, Minn.

Citizens of Fergus Falls, St. Paul, and Duluth all sent petitions. From South Dakota came communications signed by the Rotary Club of Aberdeen and W. E. Milligan, of the same city.

The petition submitted by Senator Overman was sent by the Caldwell County (North Carolina) council of defense.

RAVAGES OF WAR

Country Laid Waste by Invading Turks and Teutons.

New York, Oct. 3.—In advice to the American committee for Armenian and Syrian Relief from Constantinople, the situation confronting the relief societies operating in Asia Minor, Syria and Palestine is becoming pathetically inadequate and whole populations are wasting away.

A reasonably correct estimate places the number of deported, destitute Armenians, Syrians and Greeks now in Asia Minor, Palestine and Syria at one and one-half millions. Demands for help are inexorable. The bread winners have perished through massacre, deportation, or in the army. Practically all now destitute were self-supporting before the war.

The property taken from these people by the military or destroyed in deportations totals millions of dollars. The number of these unfortunate is increased by the deportation

of Greeks from the sea coast. Refugees from the regions occupied by the military are increasing the poverty. All business is paralyzed. All animals have been requisitioned. All schools and churches are closed. All buildings are used by the military. Prices of food and necessities of life when actually obtainable, are quite beyond the purse of the poor, and even the middle classes.

The extermination of material diminution of the Christian races is especial to be deplored, as the hope of future upbuilding lies with this progressive element, which is most useful for regenerating the empire. The American and Swiss missionaries have remained on the field and are heroically continuing their work as in the past.

NEWS OF THE DAY

A wireless receiving plant, which is believed by naval officers to have been used in anti-American activities, was seized by Federal officers yesterday afternoon in the heart of San Francisco. Edward Abrahamson, a German, in whose home the plant was found, and his son, Ray Abrahamson, formerly a licensed wireless operator, were not to be found. It was reported that the plant had been used in taking code messages from outside the country.

A serious fire and explosion has occurred in a munitions factory in the north of England, according to an official report. Much damage was done to the factory, but thus far there have been no deaths. A number of the workers were injured.

The Vienna Zeit, published by Councillor Meini, who is an intimate friend of Dr. von Seydler, the Austrian premier, says: "We fight for Austria and Austria, not for Germany, whose interests are not ours. We do not fight to keep Belgium or Courland."

The British casualties reported for the week ended yesterday numbered 21,179, divided as follows: Killed or died of wounds, officers, 151; men, 3,773. Wounded or missing, officers, 571; men, 16,724.

A German airman has dropped bombs on two hospitals behind the British lines in Flanders. Three British nurses and some wounded soldiers were killed.

Unless their demands for shorter working hours and a wage increase is granted Washington butchers have threatened to lay down their cleavers and walk out Thursday morning.

Residents of Boston are to be caught coming and going, apparently. Long they have been suffering from the high cost of living. Now they are confronted with the high cost of dying. A strike has been declared by the grave diggers. They want \$3 a day.

Edmund Riley, aged 52, who lived at 646 G street, northeast, Washington, was instantly killed at 3:45 o'clock yesterday afternoon, when a Baltimore and Ohio locomotive ran him down in the "south storage" yard at Ivy City, Washington terminal.

Under the terms of the Revenue Bill as framed by the conferees of both bodies of Congress and agreed to unanimously by the Senate yesterday, a professional man earning a salary in excess of \$5,000 will be subject to a tax of 8 per cent in addition to his income tax, while the person not engaged in a "trade" or business profession or occupation, will be required to pay the income tax alone.

It is announced that the French government will not grant passports to French delegates for the Berne conference decided upon at the recent socialist conference in London. The question of the transfer to a neutral city of the headquarters of the International Labor Union, which now is in Berlin, was to be discussed at the Berne meeting.

The matter of relief for naturalized Americans is becoming more acute in Syria and Palestine, according to reports received by the American Minister, Ira Nelson Morris, at Stock-

holm. The reports say that more than 200 Americans are threatened with death from starvation unless aid comes quickly.

It was directly and forcefully denied in behalf of President Wilson yesterday that the appointment of Col. House together "peace data" has anything to do with any prospects of immediate peace. It was further indicated that the President does not believe that Supreme Court Justice Brandeis is to be formally associated with Col. House.

More than 2,000 tons of provisions, fodder, maize, oil cake and other supplies were destroyed yesterday by fire in storehouse, near Stockholm. The loss which amounts to more than 1,000,000 crowns, will be felt severely, particularly as it probably will be impossible to replace these materials under the existing import restrictions.

The American government will construct an overseas base in France far bigger than any of the national cantonment cities in this country. Buildings of the portable type will be fitted in this country and sent across in sections. Structures for housing troops, giant storehouses for reserve ammunition and equipment, a complete railway shop, an arsenal

Milk Jumps 3 Cents.

Washington yesterday found its morning milk selling at 14 cents a quart, instead of 11 cents, the price prevailing recently.

For those who bought by the pint, the price ranged from 7 to 8 cents. The change was due to the new wholesale price put into effect today by the Maryland and Virginia Milk Producers' Association, of 33 1-2 cents per gallon.

The 33 1-2 cent price applies to milk of 3 1-2 per cent butter fat content, the lowest butter fat percentage at which milk may be sold legally in the District. Every additional "point" in the butter fat percentage will call for a wholesale price of 4 cents per gallon extra.

SNAKE DROPS ON SEXTON.

Wraps Around His Neck When he Rings Church Bell.

Sharpsburg, Md., Oct. 3.—Benjamin F. Kemmerley, sexton of Riverton Methodist Protestant Church, was badly scared Sunday night while ringing the church bell for service. A huge black snake dropped down the rope and wrapped around his neck. Shaken off, the reptile dropped to the floor and crawled into the audience room. It was finally killed.

CONFIRMED TESTIMONY

The Kind Alexandria Readers Cannot Doubt.

Doan's Kidney Pills have stood the test. The test of time—the hardest test of all.

Thousands gratefully testify. Alexandria readers can no longer doubt the evidence.

It's convincing testimony—twice told and well confirmed. Alexandria readers should profit by these experiences.

H. C. Smith, tailor, 919 1-2 King St., Alexandria, says: "I can't begin to describe the agony I suffered with my back. It was impossible for me to find a help until I began using Doan's Kidney Pills. Doan's cured me in less than a month and today I am as free from backache as though I never had it."

Over four years later Mr. Smith said: "I still consider Doan's Kidney Pills fine. I never hesitate to recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Smith has twice publicly recommended. Foster-Milburn Co., Props., Buffalo, N. Y.
